

### AMENDMENTS TO THE SPECIFICATION

Please replace the fourth full paragraph beginning on page 30 at line 17 and ending on page 31 at line 4 with the following amended paragraph:

FIG. 17 is a block combination table obtained when a hierarchy position based on the structure information tables in FIGS. 4A and 4B is 1. As is also apparent from FIG. ~~[[18]] 18B~~, blocks having block numbers 1, 4, 8, and 11 exist at hierarchy position 1 in FIG. 4A, and as is apparent from FIG. 18A, blocks having block numbers 1, 4, 5, and 10 exist at the hierarchy position 1 in FIG. ~~[[4b]]4B~~. Relationships similar to the relationship in FIGS. 4A and 4B are also illustrated in FIGS. 19A and 19B. As is apparent from FIG. 19A, for example, the blocks (clauses) having block numbers 2 and 3 belong to the block (chapter) having block number 1 in the revised-edition original writing OR2, and the blocks having block numbers 6 and 7 belong to the block having block number 5. Similarly, in FIG. 19B~~[[.]]~~, the blocks (clauses) having block numbers 2 and 3 belong to the block (chapter) having block number 1 of the old-edition original writing OR1, and the blocks having block numbers 5, 6, and 7 belong to the block having block number 4.
